

ONEsweep®

BIG GREEN BROOM™

for Mechanical Sweepers

**Mechanics love it!
Lightweight tube means easier
handling and installation**

**No mandrels? No problem.
Bolt-on design fits all sweepers.**

**Mounting holes have GRADE 8 NUTS
welded in place. NO CHASING THREADS.**

**Consistent fill and consistent coils
make an even-wearing broom**

**Dependable, quality service and support from
your machinery dealer**

**Over 200 hours proven achievable life with
proper machine setup and sweeping technique***

* Municipalities have achieved this lifespan.
Due to variations in sweeping conditions, we do not guarantee broom hours.

ASK FOR IT BY NAME!
